

REMARKS

Claims 1 - 5 directed to a "use" have been cancelled and replaced by new claims 12 - 18 directed to a method which more clearly satisfies the provisions of 35 USC 101 and 35 USC 112.

Respectfully submitted,

CLIFFORD J. MASS
LADAS & PARRY
26 WEST 61ST STREET
NEW YORK, NY 10023

MARKED-UP COPY

Long-time survival of the cells in the cultivation thereof inside the patient's body proves to be useful for the treatment of a number of diseases, which requires transplantation of autologous or heterologous (allogenic and xenogenic) cells producing biologically active compounds whose deficiency in the organism aggravates or initiates the disease.
